GUM-DIPPING

Protects Tires from Heat and Wear

You Get More Mileage for the Money

Of course you get more mileage from a tire that is gum-dipped. This special Firestone process completely rubberizes every cord in the body of the tire, making it stronger and more elastic to stand up under the constant bending and flexing of the tire in service.

Gum-dipping also insulates the cords from heat and wear. This is a big advantage in summer driving, when tires usually heat up faster on long drives.

Look at the price we are quoting. At our store these better tires cost no more, yet they give you months of extra wear. Come in and try one.

Steam-Welded TUBES

The flexible walls of tough, elastic rubber, the splice and the valve base are welded in live steam into a seamless, leakproof unit.

Lynchburg.—The United Cigarette Machine Company here has declared a 2 per cent. dividend payable November 1. The amount involved is $75,000, and the dividend is for no stated period.

Richmond.—After children had sounded the alarm that a "dead man was in an ash-can," in the neighborhood of Fifth and Franklin streets, investigation revealed that it was only a discarded skull. It is said the skull was thrown out by a doctor in the Professional Building.

Winchester.—Wilbur Dyke, a boss plasterer, was sentenced to five months on the State roads and fined $100 and costs in Justice's Court on the charge of running down George B. Adams, colored, a city employee, and also on the charge of operating an automobile while under the influence of liquor.

Winchester.—Dabney C. Harrison, civil engineer, of Boyce, Clarke county, filed notice with the Secretary of Commonwealth, at Richmond, of his candidacy for member of Congress from the Seventh District as an independent, opposing Representative Thomas W. Harrison, Democrat, Winchester, and J. H. Roebuck, Republican, Dayton.

Danville.—John J. Wicker, Jr., of Richmond, past department commander of the American Legion, has accepted an invitation to make the address here on Armistice Day. Plans being worked out by local post committees include a sham battle during the afternoon, with the four local National Guard units participating, and a torchlight parade to the tabernacle, where the speaking will take place.

Lynchburg.—The Chesapeake and Potomac Telephone Company here is installing a heavy underground cable to increase its telephone facilities in Rivermont. The new work will be carried out beyond Peakland, a distance of about five miles from the central State. The company, it is announced, will make extensive enlargements in the exchange early during the coming year. The cable extension will be in operation about January 1st, it is said.

Covington.—Lawrence Kelley, of Low Moor, sustained a fractured skull and Bert Williams, also of Low Moor, sustained cuts about the head and was also seriously injured when an automobile in which they were riding with two other young men, the latter of Covington, overturned on North Mountain road east of Clifton Forge, Thursday night. The two injured men were taken to the C. & O. Hospital, Clifton Forge, for treatment. Louis Nida, of Lexington street, this city, one of the two local men in the car, was slightly hurt, but came on to his home in this city after the accident.

Fredericksburg.—The State Teachers' College which opened last week has the largest enrollment in the history of the institution. The total enrollment to date is 391. Meaning that the total for the session will run above 400. The elementary and junior high school students taught at the college number over 150. This gives a total of about 550 students taught at the college. In addition the students at Lee Hill and Falmouth, taught by student teachers under supervision, number around 175, which gives a grand total of professional, elementary and junior high school students taught under the direction and supervision of the college 725. A larger number of students than heretofore have registered from States other than Virginia—Georgia, South Carolina, Alabama, North Carolina, New Jersey, Maryland, West Virginia, Indiana, Kentucky and perhaps other States being represented.

Winchester.—A catfish weighing thirty-two pounds was cut up and divided among the Millville Station employes of the Northern Virginia Power Company for their Sunday dinner. While water was being drained from the head-race along the Shenandoah River a day or two ago the immense fish—a Mississippi "cat"—was seen struggling to find deeper water, but was shot and killed and dragged ashore. It is said to have been the largest fish of that species ever caught in the Shenandoah at Millville.

Lynchburg.—Dr. H. Lee, who was a member of the board of directors of the T. M. C. A. here continuously for thirty-two years, retired, declining at the annual meeting to serve longer.

Amherst.—Horses are remarkably cheap in Amherst county this fall, if the price is to be judged by the amount bid at a sale held Saturday near Lowesville, A. D. Watts, sheriff-administrator of Phil Brown, offered two horses owned by the estate at public auction. The animals brought $3 and $5, respectively. The other property sold unusually well.

Danville.—A hawk with a wingspread of eight feet was shot at Witt by Kinzie Echols, a stable boy for C. J. Reynolds, who hearing a commotion in a barn ran to the spot and found a rooster valiantly striving to beat back the marauder. The cock had been badly injured. The hawk wheeled as the boy approached and took refuge in a garage whereupon the boy ran for his gun and calling a bird dog shot the bird as the dog retrieved it from the garage. Seven chickens were found to have been killed.

Lynchburg.—Rev. Dr. John M. Robinson, chaplain of the Lynchburg Post, American Legion, who was a World War chaplain, in a statement made prior to veterans, deplored the lack of interest in the legion and its work in the Hill City, saying that it is a shame that a city having over 2,200 men eligible for the work should stand at the bottom of the list in the State. Dr. Robinson urges that steps be taken to arouse the legion and have it take its place as a community force. A reorganization will take place at the next meeting, the former commander, C. H. Wood, having left the city.

Ashland.—Mayor B. Morgan Shepherd has named a committee of Ashland citizens to serve on the Jefferson Memorial Foundation Committee, which is planning to celebrate the anniversaries of Thomas Jefferson and the signing of the Declaration of Independence. Much local interest was aroused last spring and a substantial contribution raised. Mayor Shepherd's committee will consist of Dr. R. H. Blackwell, Miss Lutie Roberts, Malcolm D. Hart, Mrs. R. B. Smithe, Colonel L. V. W. Morris, Miss Nancy Sydnor, Dr. J. B. Weems and Mrs. J. M. Cox.

Ashland.—District Governor Pasteur, of the Capitol District of Kiwanis Clubs, was the honor guest at the meeting of the Ashland club last week. Vice President B. Morgan Shepherd introduced Mr. Pasteur, who emphasized the elements which must go to make up the true success of the Kiwanis Club. The efficiency of the club secretary and a list of definite objectives was mentioned by the visitor as essentials. Callom Jones and James F. Howison were named to represent the Ashland club at the district convention to be held in Norfolk this month. Robert H. Dupuy and Stonewall J. Doswell were named as alternates. The club went on record as opposing a separate Virginia division for the Capitol District.

Alexandria.—A lone bandit held up and shot and killed Lester Stevens, twenty-six years old, a Quantico hackman. The bandit summoned Stevens by telephone to a point a mile and a half north of Quantico, then jumped into his automobile and shot him through the heart. His pockets were ransacked, but how much money he had is not known. Several hours afterward, two bloodhounds from the District of Columbia workhouse, at Occoquan, nearby, were put on the trail and owing to the rain they lost the trail. A description of the suspect has been furnished the authorities who have hope of apprehending the murderer.

Lesson for October 12

THE SERMON ON THE MOUNT

LESSON TEXT—Matt. 6:5-15.
GOLDEN TEXT—Thy kingdom come. Thy will be done in earth, as it is in heaven.—Matt. 6:10.
PRIMARY TOPIC—The Prayer That Jesus Taught.
JUNIOR TOPIC—The Lord's Prayer.
INTERMEDIATE AND SENIOR TOPIC—Principles of Christian Living.
YOUNG PEOPLE AND ADULT TOPIC—The Sermon on the Mount in Daily Living.

The so called Sermon on the Mount is not indeed a sermon but a proclamation of the principles and laws which shall obtain in Christ's Kingdom when it shall be established on the earth. In applying the teachings of Matthew 5-7 two errors should be avoided, namely that of the legalist who makes these principles the hard and fast standard of life for the believer today and also that of the one who denies that the principles or laws of the Kingdom are binding upon believers. Believers have practically the same relation to the Sermon on the Mount that they have to the Ten Commandments. While free from their demands as law, they find delight in retaining them as expressions of God's holy law and thus rejoice in the consciousness that Christ has met all the requirements thereof and that their standing before God is in Him.

I. False Prayer (vv. 5-7).

1. This consists in one praying to be seen and heard of men (v. 5). To go through the act of praying with such an object is to play the hypocrite. Many of the prayers uttered in the public sanctuary are false, for there is more consideration of what the people think than of what God thinks. In prayer the soul is dealing with God. Therefore, engaging in it to attract men's attention is blasphemy. Men who thus pray get a reward, but not from God. They pass by to get notice from men and they get such notice.

2. Vain Repetition (vv. 7, 8). This does not mean that we should ask but once for the thing desired, for we have examples of Christ and Paul praying three times for the same thing (Matt. 26:39-24; II Cor. 12:7, 8), but rather it means the use of meaningless repetitions, the meaningless reiterations of empty sounds. Every pray thus is heathenish. The heathen nations in their worship of idols engage in senseless babbling. We see in the priests of Baal on Mt. Carmel (I Kings 18:26).

II. True Prayer (v. 6).

Since true prayer is a definite transaction of the soul with God, the communion of the human personality with the divine personality, we should have a real desire for fellowship with God and then go and meet Him in secret.

Life for its fullest development needs both solitude and companionship. Solitude alone makes one morose, while constant companionship makes one shallow. God who made us knew what our natures required. Therefore, He commands both public and private prayer (Heb. 10:25; Matt. 6:6).

III. The Model Prayer (vv. 9-13).

This was given in response to the disciples' request that the Lord would teach them how to pray. It is not, therefore, the Lord's prayer, but the model prayer for the disciples which involves:

1. A Right Relationship (v. 9). "Our Father" (only those who have become children of God by faith in Jesus Christ (Gal. 3:26) can pray aright. One must be a child of God before he can be in communion with God.

2. A High Attitude (vv. 9, 10). "Hallowed be Thy name." When one realizes that he has been delivered from the power of darkness and translated into the Kingdom of His dear Son (Col. 1:13) by being made a child of God, he cannot help praying out his soul in gratitude and praise, intensely longing for the kingdom, the righteous rule of Christ on the earth.

3. A Right Spirit (vv. 11-13).

(1) That of trust which looks to God for the supply of daily bread. We are dependent upon Him for our daily food.

(2) That of love which results in forgiveness of others. God will not listen to the prayers of one who has an unforgiving spirit.

(3) That of holiness which moves one to pray not to be led into temptation and longs to be delivered from the evil one.

Believe

We are not to keep on looking out for the kingdom of God, but to believe firmly that it is coming, and to live and act in that knowledge and assurance. Then will it indeed be come for us.—Hare.

The Question

The question is not "How much of God do I have?" but, "How much of me does God have?"—Am I wholly yielded?—Gospel Minister.

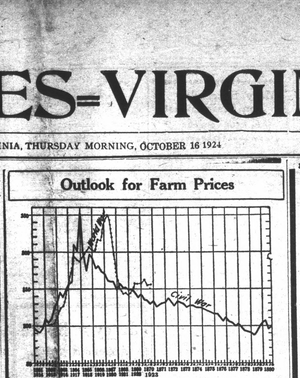
Outlook for Farm Prices



Will prices go up or down, or remain stationary during the next decade? If you knew the answer to that question and knew how to take advantage of the situation, it would mean money in your pocket, according to the Sears-Roebuck Agricultural Foundation.

Dr. G. F. Warren, agricultural economist of Cornell university, has collected evidence to show the price trend to be expected. He finds prices are acting in almost exactly the same way they did following the Civil war. The price level following the Civil war continued to fall for 13 years. Dr. Warren believes prices levels in the United States will again act in this way.

The present large supply of gold has much to do with the situation. Great Britain's mines sent to the United States since the beginning of the war more than $1,500,000,000 worth of gold—nearly a quarter of all the gold money in the world. Before long, Dr. Warren thinks, Europe will take her gold back. Then prices will go down.

Cramping Spells

"FOR MORE THAN A YEAR I had been in a very bad condition," says Mrs. R. E. Kimbrell, of Route 1, Dorchester, Texas. "I suffered with cramping spells which gave me bad pains in my back and sides. Sometimes I would have to catch at something, I would get so suddenly dizzy. . . . I had to quit doing my work. I tried many remedies, but none of them seemed to do me any good.

"In April I went up to Arkansas to visit my sister. . . . She said to me, 'Willie, if you are going to take anything, take Cardui. It will really help you.' I came home and told my doctor what she had said and he said I could not take any better tonic, so my husband immediately got me a bottle and I began it. . . . My case was a pretty tough one, I know, so I kept on faithfully. After the fourth bottle, I began to feel very much better, so much so that I was surprised at myself. I have taken six bottles now and I can truly say I feel like a different woman. . . . I feel fine and I owe it all to Cardui, which I took faithfully."
